Contents

1 Division of Labor

1.1 Dale

Wrote map.ts Wrote check-in document Future tasks: document map class

1.2 Patrick

Wrote graph.ts Future tasks: document graph class

1.3 B

created repository Future tasks: Breadth-first search document BFS

2 Plan

We plan to check in next week to make sure everything is being worked on. We've already made good progress; we will likely finish up the design document next week. Note that we weren't really given enough time to start on the breadth-first search section, due to the canceled classes and my own (Dale) slow progress on the map class.
